

Kentucky Agricultural Development Board

Minutes of the August Board Meeting

The regular meeting of the Kentucky Agricultural Development Board was held on **August 20, 2004** at **1:30 PM EDT**, at the KY Fair & Expo Center in Louisville. Commissioner Richie Farmer called the meeting to order, and the Secretary called the roll.

Members Present

Donna Amburgey; H. H. Barlow; Vickie Yates Brown; John Cleaver; Rodney Dick; Commissioner Richie Farmer; Dennis Griffin; Wayne Hunt; Sam Lawson; Jim Mahan; Sam Moore; Dean M. Scott Smith (David Sparrow, designee); Secretary Gene Strong (Steve Dale, designee)

Members Absent

Governor Ernie Fletcher; Daniel Case

Others Present

Staff – Catherine Ball; Brian Furnish; Sandy Gardner; Tim Hughes; Kara Keeton; Maggie May; Bill McCloskey; Joel Neaveill; Brad Nelson; Keith Rogers; Stephen Yates **Guests** – Larry Snell, KY Center for Cooperative Development; Michael Duckworth, Woodford County Extension Service; Jeff Harper, Kentucky Farm Bureau; Aleve Douglas, Community Farm Alliance; Randall Archer, Cumberland Meat Goats; Kathi Marshall, Office of Management & Budget

Notification of Media

Keith L. Rogers, Chief Executive Officer, verified that the media had received notice regarding the Agricultural Development Board meeting.

Welcome

Commissioner Farmer welcomed the Board to the 100th Kentucky State Fair.

Commissioner Farmer welcomed all the guests to the Board meeting and noted that his mother was in the audience.

Approval of Minutes

The minutes of the July 16, 2004 meeting were approved as presented.

Executive Director's Report

Commissioner Farmer yielded the floor to Keith Rogers for the Executive Director's report.

Mr. Rogers presented the Executive Director's Report.

Mr. Rogers welcomed everyone to the State Fair and announced that the Board/GOAP has a booth in the South Wing. Mr. Rogers also noted that several projects that have received funding through the Agricultural Development Fund are being featured at the booth on select days of the State Fair. Mr. Rogers pointed out that a schedule of those being featured was in each member's update folder.

Mr. Rogers announced that several staff changes were occurring. Mr. Rogers recognized Sandy Garder who has been Board Secretary for two years will be taking on a new role in non-model project compliance. Angela Blank will become the new Board Secretary, as well as the new Executive Asstistant, starting September 15.

Mr. Rogers announced the hiring of a new Records Manager, Lucinda Pease of Fleming County, who will be starting September 1.

Mr. Rogers reviewed memos and materials from the mailing and the update packet. Mr. Rogers noted that on the Siemer Milling memo no action is necessary, as they are low priority sheets for a project that was already funded. *[All memos are on-file with the Board Secretary.]*

Mr. Rogers yielded the floor to Catherine Ball, Legal Counsel, who discussed a memo on Sovereign Immunity. Ms. Ball noted that if there is a project that could directly benefit the member then the member in question should abstain from the vote, as Ms. Brown did at the July meeting.

Mr. Rogers drew the members' attention to the letter from Larry Snell, KCCD, regarding the status of the vegetable cooperatives.

Mr. Rogers recommended that the Board take two days in October for a planning meeting, as he referred to a memo in the update packet. The purpose of the meeting would be to look at long-term goals and establish/revise policies of the Board, as necessary.

Mr. Rogers also noted that the commodity groups, county councils, or other agriculture organizations would be contacted for input that staff will compile into a planning book for the Board to receive before the meeting; however, presentations from the groups will not be allowed, due to time constraints.

Mr. Rogers noted that plans are to have the policy retreat at Lure Lodge near Lake Cumberland. Mr. Rogers also noted that he would like to meet/speak with each Board member for about an hour to see what their concerns are.

Mr. Moore noted that he and Mr. Mahan would not be able to attend on that Thursday, due to a Farm Bureau meeting.

Mr. Rogers asked if the Board would be interested in moving the meeting to the Monday/Tuesday of that week. Mr. Griffin indicated that the 14th and 15th were the only two days that would work for him.

Mr. Griffin moved that the Board's policy retreat be on October 14 and 15, location to be determined; Mr. Mahan seconded the motion. The motion passed without dissent.

Mr. Rogers pointed out that there were a couple of amended projects in the Update folder that will be covered later in the meeting.

Mr. Rogers reviewed issues from the Tobacco Settlement Agreement Fund Oversight Committee on August 10. Mr. Rogers noted the Committee's concern with funding shared-use post-hole diggers and manure spreaders, partial salaries, shade cloth, status of the hay auctions, and questions about organizations, such as Farm Bureau, administering shared-use equipment. Mr. Rogers noted that there were questions about the location of the plant for Little Kentucky Smokehouse when the hog producers are elsewhere, which Mr. Rogers clarified for the Committee about the impact to the other counties.

Mr. Rogers updated the Board on the status of the Farmland Preservation Working Group. Mr. Rogers noted that two additional volunteers from the Board are needed for the working group.

Mr. Rogers noted that Committee assignments have not been completed for the statutory committees of the Board. Mr. Rogers asked the new members to note any preferences for committees before he starts assigning the committees. Mr. Rogers noted that the Oversight Committee was concerned with the lack of function of the committees.

Mr. Rogers pointed out a memo handed out at the meeting, regarding travel vouchers and expense reimbursement.

John Cleaver asked about the manure spreader project mentioned in Oversight. Mr. Rogers noted that in July Owsley County was approved for a manure spreader and post hole digger for shared-use in the county.

Wayne Hunt asked what the Committee's view is regarding county high priorities. Mr. Rogers indicated that there was not much discussion about the high priorities. Mr. Furnish added that their main concern was recurring costs.

Vickie Yates Brown asked if there were any "take aways" from the meeting, regarding directions. Mr. Rogers indicated that the Committee seems to be in the same place as the Board with regards as to where do we go from here and do we need to continue to fund some of the same types of projects that have been coming through (e.g. the shared-use manure spreaders, etc.).

Commissioner Farmer thanked and recognized Sandy and Angela, and the rest of staff for their hard work with the Board.

Referral of August Projects¹

Mr. Rogers presented projects A2004-0362 to A2004-0413 for referral to the Board's Project Review Committees. Steve Dale moved that projects A2004-0362 to A2004-0413 be referred to the Board's Project Review Committees; Dennis Griffin seconded the motion. The motion passed without dissent.

¹ A detailed list of the referred projects is attached as Appendix A.

Approval of Model Programs²

Commissioner Farmer submitted projects A2004-0360, A2004-0379, A2004-0387, and A2004-0394 as projects meeting the model **Agricultural Diversification Program** guidelines.

Commissioner Farmer submitted projects A2004-0217, A2004-0219, A2004-0359, A2004-0373, and A2004-0398 as projects meeting the model **Cattle Genetics Improvement Program** guidelines.

Commissioner Farmer submitted projects A2004-0353, A2004-0374, and A2004-0390 as projects meeting the model **Cattle Handling Facilities Program** guidelines.

Commissioner Farmer submitted projects A2004-0355, A2004-0371, A2004-0380, and A2004-0392 as projects meeting the model **Farm Livestock Fencing Improvement Program** guidelines.

Commissioner Farmer submitted projects A2004-0216, A2004-0354, A2004-0358, A2004-0366, A2004-0369, A2004-0372, and A2004-0396 as projects meeting the model **Forage Improvement & Utilization Program** guidelines.

Commissioner Farmer submitted projects A2004-0365, A2004-0377, and A2004-0399 as projects meeting the model **Goat Diversification Program** guidelines.

Commissioner Farmer submitted projects A2004-0325, A2004-0356, A2004-0361, A2004-0363, A2004-0364, A2004-0393, and A2004-0395 as projects meeting the model **Hay, Straw & Commodity Storage Program** guidelines.

Commissioner Farmer submitted projects A2004-0381 as a project meeting the model **On-farm Water Enhancement Program** guidelines.

Ms. Brown moved that said applications be approved for the named model programs; Rodney Dick seconded the motion. The motion passed without dissent.

Review of Amendments & Withdrawals

Commissioner Farmer presented the following amendments for approval.

Mr. Rogers noted that A2003-0351 and A2004-0083 are both non-model projects and that the rest are model programs.

A2003-0631, The Louisville Agricultural Club, Inc., was approved for \$5,000.00 on January 16, 2004. The applicant requests an additional \$4,250.00 for the Cattle Handling Facilities program in Jefferson County. The request received a High priority from the Jefferson County Council. The term of the program shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the program total to \$9,250.00.

A2003-0632, The Louisville Agricultural Club, Inc., was approved for \$15,000.00 on January 16, 2004. The applicant requests an additional \$7,550.00 for the Forage

² A detailed list of projects funded under each model program category is attached as Appendix B.

Improvement & Utilization program in Jefferson County. The request received a High priority from the Jefferson County Council. The term of the program shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the program total to \$22,550.00.

A2003-0633, The Louisville Agricultural Club, Inc., was approved for \$15,000.00 on January 16, 2004. The applicant requests an additional \$5,000.00 for the Hay, Straw, & Commodity Storage program in Jefferson County. The request received a High priority from the Jefferson County Council. The term of the program shall remain 18 months from the execution date of the original agreement. Approval of this request would bring the program total to \$20,000.00.

A2004-00126, Oldham County Farm Bureau Federation, was approved for \$8,167.00 on April 29, 2004. The applicant requests an additional \$1,644 for the Farm Livestock Fencing Improvement program in Oldham County. The request received a High priority from the Oldham County Council. The term of the program shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the program total to \$9,811.00.

A2004-0083, Mason County Agricultural Advancement Council, was approved for \$50,000.00 on April 29, 2004. The applicant requests an additional \$50,000 to complete the pilot Hay, Straw & Commodity Handling project in Mason County. The request received a High priority from the Mason County Council. The term of the project shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the project total to \$100,000.00.

A2004-0090, Breathitt County Conservation District, was approved for \$26,250.000 on April 29, 2004. The applicant requests an additional \$26,250.00 for the Hay, Straw, & Commodity Storage program in Breathitt County. The request received a High priority from the Breathitt County Council. The term of the program shall remain 18 months from the execution date of the original agreement. Approval of this request would bring the program total to \$52,500.00.

A2003-0642, Owsley County Conservation District, was approved for \$26,000.00 on December 19, 2003. The applicant requests an additional \$5,000.00 for the Agricultural Diversification program in Owsley County. The request received a High priority from the Owsley County Council. The term of the program shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the program total to \$31,000.00.

A2004-0330, Christian County Conservation District, was approved for \$75,000.00 on July 16, 2004. The applicant requests an additional \$2,221.00 for the Hay, Straw, & Commodity Storage program in Christian County. The request received a High priority from the Christian County Council. These funds are to come from the money returned for the close-out of the county's Forage Improvement program (A2002-0289). The term of the program shall remain 18 months from the execution date of the original agreement. Approval of this request would bring the program total to \$77,221.00.

A2004-0331, Christian County Conservation District, was approved for \$75,000.00 on July 16, 2004. The applicant requests a decrease of \$55,000.00 for the On-farm

Water Enhancement program in Christian County. These funds will revert back to the county's account. The term of the program shall remain 12 months from the execution date of the original agreement. Approval of this request would bring the program total to \$20,000.00.

A2004-0003, Kentucky Ketch, Inc., was approved for \$135,000.00 on April 29, 2004. The applicant requests an additional \$62,400.00 for the Hay, Straw, & Commodity Storage program in Clay County. Funds for this request come from the following: \$42,187 from the close-out of the Agricultural Diversification program (A2003-0462) and \$20,213 from the county's account. The request received a High priority from the Clay County Council. The term of the program shall remain 18 months from the execution date of the original agreement. Approval of this request would bring the program total to \$197,400.00.

A2003-0351, Daviess County Conservation District, was approved for \$109,900 on June 18, 2004. The applicant requests an additional \$195,000 to complete their subsurface drainage pilot project in Daviess County. The request received a High priority from the Daviess County Council. All other provisions of the legal agreement shall remain the same. Approval of this request would bring the program total to \$304,900.00.

H. Barlow moved that said amendments be approved; Donna Amburgey seconded the motion. The motion passed without dissent.

Committee Reports

Blue Project Review Committee

Recommendations for Funding

H. Barlow reported for the Red Project Review Committee (PRC). Mr. Barlow noted that the Blue PRC is presenting one project for funding consideration.

Mr. Barlow presented **A2004-0319, Buffalo Trace Area Development District**. The application received a high priority from Fleming County. The Buffalo Trace Area Development District, on behalf of the Fleming County Farmers' Market Association, requested \$600 for the development of the farmers' market in Fleming County. Funds will be used for advertising and promotion (signs, ads, radio, bags, etc.) of the new market, which is located at the County Extension Office. This is the Market's first year in operation with 18 dues paying members. Mr. Barlow reviewed the proposed terms and conditions for the project.

Mr. Barlow moved that **A2004-0319 be approved for \$600 in Fleming County funds**; Mr. Griffin seconded the motion. The motion passed without dissent.

Recommendations for No Funding

Mr. Barlow indicated that the Committee did not have any recommendation to present for no funding.

Red Project Review Committee

Recommendations for Funding

Sam Lawson reported for the Blue Project Review Committee (PRC). Mr. Lawson noted that the Red PRC is presenting four projects for funding consideration.

Mr. Lawson presented **A2004-0170, Owen County High School Agriculture Department**. The application received a high priority from Owen County. The applicant, the Owen County High School, requested \$79,950 in Owen County funds for funds to equip an agri-science lab with instructional modules, materials and related supplies. Funds would be used to equip and outfit this agri-science lab to help agriculture students to develop problem solving lab skills; inform students about the technologically advanced aspects of the agriculture industry; expand students career opportunities in agriculture through new technologies and training; and to bring these new ideas and technologies into the community and develop both students and current producers that are trained in new agricultural practices and skills. Mr. Lawson reviewed the proposed terms and conditions for the project.

Mr. Lawson noted that the Committee discussed that, though this is a good program that will touch many high school students and the county rated the project a high priority, is there too much emphasis on youth education, rather than the retraining of current farmers. Mr. Lawson asked that this question of youth versus adult training be addressed at the policy retreat.

Mr. Lawson moved that **A2004-0170 be approved for \$79,950 in Owen County funds**; Mr. Cleaver seconded the motion.

Ms. Brown asked if the adult component could be added. Mr. Lawson indicated that two adult training courses were added to the conditions of the project.

Ms. Brown also noted the concern that education cuts back funding because the Board is funding those types of programs.

Mr. Lawson added to Mr. Roger's comments from the Oversight Committee, regarding these types of projects.

The motion passed without dissent.

Mr. Lawson presented **A2004-0189, Meade County Grain Growers, Inc.** The application received a high priority from Meade County. The Meade County Grain Growers requested \$12,643 in Meade County Agricultural Development Funds to cost share for crop consultation for Meade County grain growers. This project seeks to hire certified crop advisers to assist Meade County farmers with consulting services that include but not limited to pest control, soil tests and environmental control. These consulting services can improve more efficient use of resources, improved yields and implementation of environmentally friendly practices. Participants in this program may receive 50% of their costs up to a maximum of \$1,000.00 per participant. Mr. Lawson reviewed the proposed terms and conditions for the project.

Mr. Lawson added that this is the second request for this project from this County, and this should take care of all of the farmers in this county, given numbers from the 2002 Census of Agriculture.

Mr. Lawson moved that **A2004-0189 be approved for \$12,643 in Mead County funds**; Mr. Moore seconded the motion. The motion passed without dissent.

Mr. Lawson presented **A2004-0204, SKAC, Inc.** The application received a high priority from Grayson County. SKAC, Inc., also known as Southern Kentucky Aquaculture Cooperative, requested \$3,000 of Grayson and Edmonson County Agricultural Development Funds to purchase additional harvest equipment in order to harvest freshwater prawn, according to specifications outlined in the grower contract with Fishmarket Seafoods Inc. Mr. Lawson reviewed the proposed terms and conditions for the project. Mr. Lawson moved that **A2004-0204 be approved for \$1,500 in Grayson and \$1,500 in Edmonson County funds**; Mr. Dick seconded the motion. The motion passed without dissent.

Mr. Lawson presented **A2004-0357, Owen County 4-H Council.** The application received a high priority from Owen County. The Owen County 4-H Council requested \$117,728 in county funds to begin a youth cost share program for those who are interested in Agriculture. This program will allow young people between the ages of 9-19 to get started in a agriculture field of there choice. The program will be tied to an intensive educational program and will require them to have an adult mentor. The program will target 30 youth in Owen County. It will be based a maximum cost share of \$1,000 per youth, per year, and no more than \$3,000 per family, per year. The request is for a 75-25 cost share match.

Mr. Lawson reviewed the proposed terms and conditions for the project, including that the project must have a 50-50 cost-share since it is not a model program. Mr. Lawson also added that all Owen County youth should be eligible to apply, not just the 4-H members.

Mr. Lawson moved that **A2004-0357 be approved for \$45,364 (one year of funding) in Owen County funds** with the above amendments; Mr. Barlow seconded the motion.

Recommendations for No Funding

Mr. Lawson presented **A2004-0027, Belcan Partners, LLC.** The applicant requested \$500,000.00 in state Agricultural Development Funds for software development and testing.

Mr. Lawson gave a short short history on the project for the newer members. Mr. Lawson also noted how Kentucky farm numbers are changing, according to the 2002 Census of Agriculture.

Mr. Lawson moved that no funding be awarded A2004-0027 based on the policy that Agricultural Development Funds not be used for software program development.

Commissioner Farmer noted that he and Mr. Lawson had discussed this project early on in the Administration. Commissioner Farmer commented on the changes in the Department of Agriculture's web site.

Mr. Hunt seconded the motion. The motion passed without dissent.

Mr. Lawson presented **A2004-0202, Tom's Feed Service**. The applicant requested an \$30,000 in state and \$30,000 in Hancock County Funds to develop a cattle handling and feed service business. Mr. Lawson moved that no funding be awarded A2004-0202 based on the low county priority; Mr. Barlow seconded the motion. The motion passed without dissent.

Old Business

Commissioner Farmer noted that there is no old business to discuss.

New Business

Commissioner Farmer noted that there is no new business to discuss.

Mr. Rogers reviewed the following applications that had been withdrawn by the applicant: A2004-0070, Fayette County Farm Bureau; A2004-0156, Green River Area Beef Improvement Group, Inc.; and A2004-0234, Owsley County Board of Education.

Mr. Hunt added noted that this group of projects is a good reason why the Board needs a planning session.

Closing Remarks

Commissioner Farmer invited everyone to visit the exhibits and thanked the State Fair staff for all of their hard work.

The next meeting of the Kentucky Agricultural Development Board will convene at 1:00 PM EDT on Friday, September 17, 2004 in Frankfort at the Franklin County Extension Office. Note time and location of meeting subject to change; ample notification will be given if such a change occurs.

The meeting adjourned at 2:39 p.m.
